

# CONNECTED PROCUREMENT DATA

## PO CREATION AND MATERIAL MANAGEMENT MADE EASY

Start the job right with a quick and precisely-coded purchase order (PO) created from anywhere. Core Associates, an AvidXchange company, offers mobile PO, change order (CO), material, equipment and inventory management to keep your project data tied to the job from procurement to payment. TimberScan® Remote Purchasing connects to your Sage 300 CRE code tables for instant validation. Take advantage of a fully mobilized materials management experience with TimberScan Advanced Purchasing, too. See how it works:

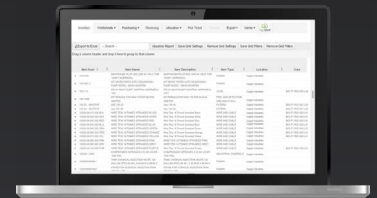

### CREATE, REVIEW, APPROVE AND SEND POS

Whether you're in the field or at the office, start the PO process, conduct approvals and even email documents to vendors, from anywhere.

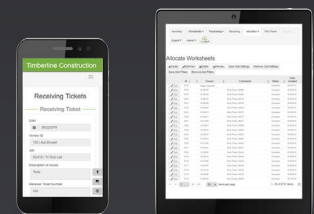

### MOBILIZE MATERIAL MANAGEMENT

Enjoy multi-location capability, a simple UOM conversion feature, and an auditable sub ledger. Use Avg, LIFO, or FIFO inventory costing methods along with existing barcode systems, plus, leverage physical counts and custom pick tickets and more.

### RECEIVE AND ALLOCATE

Capture delivery documents; create and post job cost transactions; transfer, consume and reserve items, with full buyout support.

TimberScan Remote Purchasing and TimberScan Advanced Purchasing both integrate with TimberScan and Sage 300 CRE. [Compare the TimberScan Purchasing solutions.](#)
