

Complete Purchase-to-Pay Solution for Sage 300 CRE, Sage 100 Contractor & Acumatica Users

Core + AvidXchange Pay

Eliminate manual data entry, reduce errors, and save valuable time for your accounts payable team.

Transform your paper-based AP processes into streamlined, automated workflows and leave behind the days of stuffing invoices in visors or piling paperwork on a desk. The Core + AvidXchange Pay solution empowers you to maximize employee capacity and efficiency while strengthening your vendor relationships.

Benefits

- ✓ Instant data validation
- ✓ Seamless integration
- ✓ Greater control over approvals
- ✓ Faster payments for vendors
- ✓ Increased visibility from end-to-end
- ✓ Higher rebate potential to offset cash flow challenges

How It Works

- 1 **Simplify the Acquiring Process**
Capture critical data from invoices into TimberScan.
- 2 **Automate Workflows**
Electronically route invoices to the correct approvers, mirroring your paper-based process and shortening the approval cycle.
- 3 **Get Connected Document Management**
Store, categorize, and sync any document with your ERP and easily search for it.
- 4 **Expense On-The-Go**
Upload receipts for reimbursements and credit card reconciliation with the ability to review, approve, correct, and process these expenses from any device.
- 5 **Sync Materials Management with AP**
Automate and mobilize inventory-related business functions.
- 6 **Make Payments**
Easily process payments utilizing the AvidPay Network and Create-A-Check.

Core + AvidXchange Pay

Sync data across systems, plus manage supporting documents and files seamlessly

More About Automated Payments

AvidXchange's goal is to enable you to facilitate 100% of your vendor payments.

Every company is unique, and our mission is to empower you with robust options to pay your vendors with best-in-class methods for paper checks and electronic payments. We have a dedicated Service team who provides a supported experience during the vendor enrollment and payment execution process.

Think of this like online banking. You make the payment selection from your accounting system, send it to the network, and you're done. No check printing, stuffing envelopes, or paying for postage; we handle all of that for you.

In addition to an electronic payment network, Create-A-Check is available as a self-managed payment option for those payments made in-house. Using Create-A-Check, you can manage your vendor data and facilitate payments via blank check stock, with MICR encoding, ACH/ETF, and Wire Transfer.

Benefits of the Payment Applications

SELF-MANAGED PAYMENTS

Blank check stock is a fraction of the cost of pre-printed check stock

Digitized encrypted signatures securely replaces the need to manually sign checks

Print from different bank accounts with the dropdown menu to same blank check stock

Positive Pay in conjunction with blank check stock is the best way to guard against check fraud

Payment approval process provides visibility into all payments and ensures proper approval

AVIDPAY NETWORK

Reduce your overall payment processing costs by 60% or more

Increase control with 24/7 visibility into your vendor payments

AvidPay is hosted in the cloud, allowing you to approve payments anytime anywhere

Easy reconciliation because your accounting system continues to be the system of record

Improve fraud control on 100% of your payments with more secure electronic methods

AvidXchange Supplier Network

Last year we processed \$120 billion of spend across the AvidXchange Network with more than 470,000 total suppliers enrolled in the AvidPay Network. We can typically match between 35-50% of your existing suppliers and offer a complimentary supplier onboarding service for the others when you join our proprietary network. This enables us to offer a guaranteed industry leading cash back rebate from your AP spend!

About AvidXchange

AvidXchange transforms the way companies pay their bills. Trusted by more than 5,500 customers throughout North America, AvidXchange is the industry leader in automating invoice and payment processes across multiple industries including real estate, HOA, construction, and healthcare. AvidXchange is distinguished as a global fintech unicorn and one of the fastest growing technology companies in the U.S., offering a complete solution designed to help mid-market businesses modernize operations and embrace the future of finance.
