**How It Works**

1. **Simplify the Acquiring Process**
   Capture critical data from invoices into TimberScan.

2. **Automate Workflows**
   Electronically route invoices to the correct approvers, mirroring your paper-based process and shortening the approval cycle.

3. **Get Connected Document Management**
   Store, categorize, and sync any document with your ERP and easily search for it.

4. **Expense On-The-Go**
   Upload receipts for reimbursements and credit card reconciliation with the ability to review, approve, correct, and process these expenses from any device.

5. **Sync Materials Management with AP**
   Automate and mobilize inventory-related business functions.

6. **Make Payments**
   Easily process payments utilizing the AvidPay Network and Create-A-Check.

More About Automated Payments

AvidXchange’s goal is to enable you to facilitate 100% of your vendor payments. Every company is unique, and our mission is to empower you with robust options to pay your vendors with best-in-class methods for paper checks and electronic payments. We have a dedicated Service team who provides a supported experience during the vendor enrollment and payment execution process.

In addition to an electronic payment network, Create-A-Check is available as a self-managed payment option for those payments made in-house. Using Create-A-Check, you can manage your vendor data and facilitate payments via blank check stock, with MICR encoding, ACH/ETF, and Wire Transfer.

AvidXchange Supplier Network

Last year we processed $120 billion of spend across the AvidXchange Network with more than 470,000 total suppliers enrolled in the AvidPay Network. We can typically match between 35-50% of your existing suppliers and offer a complimentary supplier onboarding service for the others when you join our proprietary network. This enables us to offer a guaranteed industry leading cash back rebate from your AP spend!
